

A professional advantage offered to your institution. ACVP is the oldest, most comprehensive, and largest organization representing cardiovascular administrators and professionals

About ACVP

Integration...it is not a buzzword anymore. It is happening everywhere and the Alliance of Cardiovascular Professionals (ACVP) further validates the positive impact and success of this strategy.

Representing all levels and all specialties involved in the cardiovascular arena we are able to provide our members with the highest quality services, benefits and representation.

For more than 50 years, ACVP, through its predecessor organizations, has provided its members with a commitment to excellence, leadership in representation and leading information. We are dedicated to continuing this covenant to our members and to the profession.

You are invited to join more than 3,000 individuals including practitioners, managers, and administrators with diverse backgrounds participating in invasive, noninvasive, echocardiography and cardiopulmonary healthcare. These professionals recognize their advantage through membership in ACVP. Contact the national office at 804.632.0078 for additional information and applications.

ACVP -- what unites us is caring for the cardiovascular patient. What makes us unique are the skills, intelligence, experience, and backgrounds we bring to practice. ACVP celebrates our similarities and supports our differences.

Become an Institutional Member

ACVP recently incorporated a new class of membership -- Institutional Members. These members are invited to participate in the Alliance to gain benefits geared specifically towards institutions. This is an especially attractive option in a recession -- it's another benefit you can provide your staff that constantly reminds them of how much you value their contribution to your team. One of the primary benefits of institutional membership is preferred consideration when scheduling educational sessions and exam reviews. We can support your educational efforts directly

Top Ten Reasons to Join

1. Reduce your in-house training costs
2. Satisfy Medicare medical review policies
3. Supporting continuing education of your staff
4. Meet the challenge of increasing technology
5. Meet accreditation, credentialing & JCAHO standards.
6. Receive up-to-date information in cardiovascular care through over 26 periodicals annually.
7. Network with administrators, practitioners and educators.
8. Obtain education and standards to meet the challenges of increasing and changing technology
9. Assist your staff to obtain professional credentials and demonstrate your organization's commitment to quality.
10. Access continuing education free or greatly reduced costs.

Also included, one complimentary ad for our bi-monthly newsletter, and one complimentary registration to any meeting with one paid registrations, and one complimentary registration to the Annual Leadership Conference.

ABOUT ACVP COURSES

ACVP course reviews are based on the national registration exams given by Cardiovascular Credentialing International (CCI). Instructors employed by ACVP have a proven track record in preparing professionals who wish to pass these exams successfully. The reviews are geared towards individuals ready to earn their credentials.

ACVP is a recognized and a leading provider of CEUs for cardiovascular practitioners through our own Cardiovascular and Pulmonary Continuing Education Program (CaPCE). Every 55 minutes of program is entitled to 1 contact hour or .1 CEU. ACVP is also a licensed BRN provider in the state of California -- recognized by over 45 states nationwide. ACVP allows you to choose your date and time and offers reviews at a minimum of eight hours and schedules sessions at your convenience, depending on availability of instructors. Scheduling a review course is easy -- Institutional Members receive a deep pricing discount of \$2,500/day. Nonmembers pay \$5,000/day. This includes instructor, materials, CEUs and our commitment to excellence!

ACVP also offers Institutional Members with the opportunity to develop local/regional chapters. This is a great way to network with those in your locale. An excellent "kick-off" to chapter activities is a meeting or educational seminar. ACVP can help you develop a course be it an hour in-service, a day-long seminar or a couple day meeting. ACVP members include some outstanding speakers and experts on a variety of topics in a variety of specialties. We are certain to be able to assist you in your effort to support professionals. Together WE CAN make a positive difference!
